New York, March 13.—Dispatches from Genca, Italy, report heavy gales prevailing there. Several vessels with fruit on board for the United States have been driven back. The damaged steamship, Abbotsford, belonging to the Red Star line, Philadelphia, arrived at Jersey City, yesterday, after a remarkable voyage, occupying 108 days from Antwerp. JAMES EMMITT, President.

I was wading about this week to buy eages and dropped into a cellar in Amity street, where a man keeps birds and dogs and monkeys. There I made the street, where a man sceps birds and dogs and monkeys. There I made the acquaintance of a newly imported Scotch terrier of marvelous sagacity and perfect education. But alas, misdirection intelligence! He has been for years the accomplice of a London thiel, whose little game was played by this dog. He is taught to recognize a pocket-book in a lady's band, to jump and frisk about her, then to seize the pocket-book and run; his master catches him up and secretes him under his coat and joins the bue and cry after the dog down some street. At last he was dropped upon, the little game discovered, and in the court the little dog was principal witness. A lady was walked past him bearing loosely a pocket-book; up jumped the dog, seized it and carried it directly to his master. The master was sentenced and the dog was exiled. He certainly did some astonishing bits of thieving in my presence, stealing a small package from my mun dhat lay on a chair.

NALLEY JUNCTION.—The Berea District School Exhibition took place here last evening, under the direction of the teacher, Prof. Brown, and was a very enjoyable affair throughout the entire programme. The singing, recitations, &c., by the Misses Hughes, Butler, Chidlaw, Higgins, Karr, Miller, and others, were excellent. The recitations of Mr. Rice and the younger members, the boys of the school, were well rendered. The tableaux were tastefully arranged, and were greeted with applause by the large audience of parents, friends and neighbors present. Among the gentlemen present we noticed the Revs. Hawley and Chidlaw, Father Butler, Drs. Hughes and Hunt, each of whom entered into the spirit of the occasion, and seemed to enjoy the good time equally with the children.
